## 摘要

郎尼根在〈《洞察》回顧〉一文中曾自我評論地指出，其在《洞察》十七章1節中所討論的「神話與奧祕」之內容，乃處理不完善而值得修正，我們為此重新檢討其論點的來龍去脈，終於落實在其晚年一短文所獲致的突破，也發現其與海德格間在論點上的融貫。

**關鍵詞：**神話、奧祕、已知的未知、境遇感、生機脈衝

### Abstract

In his article, “*Insight Revisited*”, Lonergan comments that his viewpoint on myth and mystery in *Insight*, chapter 17, section 1 is not so appropriate as it should be. He compares his theory with other thinkers of his time, with the intention of trying to improve. In his later years, thanks to his more recent researches and dialogues, he manages to find a better way of expression about myth and mystery which is more in line with Heidegger’s hermeneutics on *Dasein*’s existence.

**Keywords:** myth, mystery, the Known Unknown, *Befindlichkeit*, *Élan vital*
